PAINFUL ACCIDENTS.

A Landslide Near Springdale injures Two Men Yesterday.

A serious accident occurred near Springdale late yesterday afternoon.

Robert Carrigan, foreman of the ditching gang on that section of the C. and O., in company with several workmen, among the number being James Douglas, was ditching at the foot of the hill when a landslide occurred, burying about a cubic yard of earth and catching both the men named.

Mr. Carrigan had several ribs fractured, his ankle dislocated and sustaining many ugly bruises.

Mr. Douglas had his foot fractured near the instep.

The injured men were brought to this city on the Westbound Accommodation and Dr. C. C. Owens, the Company's Surgeon, was sent for to care for them.

Both were resting easily this morning.

Mr. William Schnelle, engine watchman on the C. and O. at Concord, fell Thursday while attempting to board a train and broke his collar-bone.

MR. DENNIS FITZGERALD.

Death This Morning Of One Maysville's Good Citizens.

After an illness of a few weeks, the death of Mr. Dennis Fitzgerald occurred about 6 o'clock this morning at his home on Third street.

Mr. Fitzgerald was born in the county Limerick, Parish of Urmak Keen, Ireland.

On the 29th of this month he would have reached the eightieth year of his age, forty-five years of that time being spent in this city.

Mr. Fitzgerald was for many years engaged in business in this city, and throughout his entire residence has been characterized as a man of the highest integrity. He was indeed a good citizen.

For two terms he held the responsible position of Jailer of this county and was in every particular a model officer, having not only the confidence of the people whom he served but the respect of the large and unfortunate class who were placed under his charge.

Mr. Fitzgerald is survived by his wife and five children—Mrs. M. F. Coughlin, Mrs. P. J. Murphy, Miss Nellie Fitzgerald, Charles D. and Charles Fitzgerald, the latter of St. Louis.

The funeral will take place Monday morning at 9 o'clock from St. Patrick's Church and the interment will be at Washington.

Get Hoeftlich's price on Muslin and Sheet.

Regular meeting tonight of Dr. Helser Post No. 13. Dr. Ellis will deliver a lecture. All members urged to be present.

THE LEXOKON offers an easy way of getting the Standard Dictionary, the greatest book published. See advertisement.

The Washington Fire Company acknowledges indebtedness to Miss Jeff D. Easton for kind and voluntary work on its new bell tower.

An exchange says that on account of the political situation in Kentucky, Evansville, Ind., citizens are preparing petitions to present to Congress asking that Kentucky be eliminated as a state, and that Ohio, Indiana and Illinois take equal parts and govern them under their state laws.

A CALL TO CITIZENS.

Third Street M. E. Church Sunday, February 4, 1899. A. M., special service of Humiliation and Prayer. Of humiliation because of strife and bloodshed in our state, and of prayer that strife may cease, and further bloodshed be averted.

Y. W. Hanner, Pastor.

FOR STATE'S PEACE.

Service To Be Held In Church of the Nativity Monday Afternoon.

Bishop Burton has issued the following letter:

To the Clergy and People of the Protestant Episcopal Church in the Diocese of Lexington—My Beloved Brethren:

The Prayer Book in its ordering "Concerning the Service of the Church" recognizes the possibility of "Days of Fasting" appointed by the Ecclesiastical Authority.

The need is most sorely upon us for deep humiliation and most fervent prayer, in view of the discord and tumult within our state and the "cross divisions" we are in by our unhappy divisions.

I, therefore, appoint Monday next, February 5th, a Day of Fasting and Prayer within this Diocese, and call upon the clergy and people of the Diocese of Lexington to gather their respective households for family prayer and to assemble as Ministers and congregations for the service of the Church, and both in public and in private earnestly to beseech Almighty God to save and deliver us and to lead us in the way of righteousness and truth to godly peace and unity.

And, as your Father in heaven, I exhort all members and adherents of this Church, who are citizens of this Commonwealth, to do all that in them lies, in the peace and joy of our common order and settle the affairs of this state upon the best and surest foundations, that peace and happiness, truth and justice, religion and piety, may be established among us for all generations.

Given under my hand and seal this 2nd day of February, A. D. 1899, and in the fifth year of my episcopate.

Lewis W. Burton, Bishop of Lexington.

In accordance with the above there will be services in the Church of the Nativity on Monday at 4 p. m.

TOOK BOTH GAMES.

Even more striking, nearly, created or simply cast, better containing pure or watery fluid, and not an itching hand, with or without sores, on the arms, hands, neck or face. Then take B. B. B., which will cure, leaving the flesh soft, supple, smooth, even, without itching of any kind.

Any form of eczema is due to excessive heat, and the disease is cured by B. B. B. and you are cured. B. B. B. is perfectly safe to take by old and young, and acts as the most and surest cure for eczema, and even other eruptions that children are very frequently afflicted with eczema. Some doctors prescribe a pale cream from the skin, cure the child with food of B. B. B. and the sores will soon heal.

B. B. B. is sold by druggists at 5c per large bottle, Andrew Ross, 100 N. 3rd street, St. Louis, Mo., and sample bottles of B. B. B. will be sent by return mail.

RIVER NEWS.

The Louisville Canal is full of boats and ice.

There are 10,000,000 bushels of coal loaded at Pittsburgh.

Navigation has been suspended on the Upper Mississippi.

The Big Sandy is now one solid cake of ice from Painesville to Cattedoeburg.

The tug Mike Donogherty will assist in doing the harbor work at Cincinnati.

The ice in piling up and falling over the Louisville Falls resembles huge icbergs.

The towboat Jim Wood is in the mouth of the Kanawha repairing her rudders.

The Buckeye State, on her way from New Orleans, will have to lay up at Memphis.

There is not a single thing moving on the Ohio but ice and ferry-boats—when they get a chance.

The steamer Argand was caught in the ice at Pt. Pleasant and came very near being cut down.

The big Joe B. Williams, with her immense tow, will get out of the Ohio by a close shave, by reason of low water and ice.

The Smoky City, with 20 boats of coal and 4 barges steel rails, and the Sam Clarke, with 21 boats and 5 barges, passed out of the Ohio yesterday.

The Josh Cook, which was on her way from Louisville with a tow containing two barges of sugar and molasses, got as far as Vevay yesterday and laid up.

Yesterday's Commercial Tribune says: "Captain Charles Mitchell, Clerk and part owner of the steamer Gate City, was on 'Change' yesterday, where he is quite popular. His boat is laid up at the foot of Broadway."

The Pittsburgh Weather Bureau's report shows the river frozen solid at Parker's Landing, Parkersburg, New Kensington, Fairmont, Rowlesburg, Elwood Junction, Monongahela, Elizabeth, Brownsville and many other small towns.

The twenty-four coalboats and three barges of rails, comprising the tow of the Boaz, now en route South, make it one of the most valuable tows ever taken to New Orleans by a coalboat. At last accounts the Boaz was going along down the Ohio in good shape.

Boats are tied up at the following places: Queen City at Pittsburgh; Bedford, Ruth, Elsie, Barnard, Urania, Mariner, Cronin, Duffy and wharfboat at Marietta; Columbia, Carrie Brown and Arson at Gallipolis; Sea Lion at Coal Grove; Volunteer at Cincinnati; Speedwell at Vanceburg.

Engineer Wylie W. Smith was suspended by the Pittsburgh Steamboat Inspectors Friday for a period of sixty days, and John Moulden for thirty days, on charge of drunkenness. The first named suspension dates from January 16th and the second from January 27th. A. L. Letten was informant in both cases.

It is officially stated that the Southern Railroad Company will begin at once the construction of extensive docks at Greenville, Miss., where a number of new coal barges will be built and the carrying service of the Southern from Greenville will be repaired. This is in furtherance of the railroad's purpose to develop more fully the Alabama coal trade on the Mississippi and to prepare to handle expeditiously the contract recently made for the delivery of 150,000 tons of Walker county coal to R. D. Wood & Son in New Orleans. The first tow of coal on this contract started South from Greenville a few days ago.

There is probably no disease or condition more suffering and distress than piles from the West, and the billows rolled over the sides of coalboats and barges to such an extent that every crew was compelled to work at the pumps for something like twenty hours.

MR. DAMIL DUZAN.

His Death Occurred Early Yesterday Morning.

Mr. Damil Duzan died at his home, 415 East Third street, at an early hour yesterday morning, aged about 75.

Mr. Duzan was born at Stenelick, this county. He was a carpenter by trade and built nearly every house at Stenelick and Bridgeport. Subsequently he moved to Indiana, but returned here some years ago.

He was twice married and leaves surviving his second wife and six children. The funeral and interment will take place at Stenelick at 10 o'clock Sunday morning.

COUNTY COURT MONDAY.

The Usual Stock Sales Will Be Held in This City.

Monday, February 5th, is the regular County Court day in this city.

As heretofore free freightage is offered to our Ohio friends and the farmers of this and surrounding counties are cordially invited to come in.

Bringing in all stock that can be spared, in order to make sales lively.

The best possible chance to dispose of products where there is a surplus, and for buying where there is a deficiency.

Remember, Monday next, to come, and bring your neighbor with you.

Are you nervous, run down, weak and depleted? Take a few doses of Hibernia, will infuse new energy, new life into the exhausted nerves, the overworked brain, muscular system, and put a new face on life and business. Price, 50 cents. J. & S. Wood & Son.

THE Y. M. C. A.

What is Being Done For the Betterment of Young Men.

The men's rally to-morrow afternoon at 3 o'clock will be addressed by Mr. John Duley. All men cordially invited to be present.

Tuesday evening, February 6th, there will be held at the Association Building a members rally, to which all members of the Association and their gentlemen friends are invited. There will be interesting program, as well as a basket ball game.

After the regular gymnasium class work last night a splendid game of basketball was played between the Reginald and Germania with score of 15 to 20 in favor of the Reginald. The line up of teams was as follows:

Germania. Sam Egner, Chas. Slack, Chas. Helmer, C. F. Traxel, Wheeler Kasp, Ben Warner.

Nervous children are almost always thin and weak. White's Cream Vaseline is the best preventive of nervousness. It strengthens the system and assists in the digestion of food, and gives strength and power of endurance. Price, 25 cents. J. & S. Wood & Son.

KENTUCKY always did hold cards. What with Governors and Legislatures and Capitals in pairs, she is likely to have a full hand.

A DISPATCH from Atlanta, Ga., says Hoke Smith, who was Secretary of the Interior in GROVER CLEVELAND'S Cabinet, prints an editorial in his paper saying that GORBEL is responsible for the situation which resulted in his being there.

Those Gobelites who are advising their friends to stay away from Frankfort are doing the proper thing. There are enough there already—lawyers and laymen of both parties—to adjust matters, and it is confidently hoped that some amicable procedure may be agreed upon. A crowd of hot-headed and irresponsible visitors would only intensify the excitement and possibly provoke further bloodshed. THE LEADER'S advice to all—Republicans and Democrats as well—is to stay away from Frankfort, keep your head cool and your feet warm, attend to your business and quit "chewing the rag."

EX-GOVERNOR ALLEGED, the Illinois High Priest of Bryanism, is more outspoken than his chief on the question of paper money, for he says plainly that that "gold and silver will pass out of use as money and be supplemented by a philosophic or rational circulating medium and measure of value." Mr. BRYAN has never yet been committed to an expression in favor of unlimited greenbacks, but it is not certain that he and many other devotees of "Coin" HARVEY do not hold similar views to Governor ALLEGED, although they are not so impulsive as to make the public at this time. The step from the position of the extreme Bryanites to that occupied by Mr. ALLEGED, namely, that of absolute fiat money, is not a long or illogical one.

The anti-Imperialists propose to go before the workmen of America with the proclamation that with the retention of the Philippines the United States will be overrun with cheap labor which will pauperize the labor of the country. Such statements will hardly bear the light of scrutiny when it is known that the Filipinos could not be induced in any number to leave their tropical native country for a foreign colder and alien one. Attention might also be called to the fact that England, which supports a far greater proportion of laboring and factory hands than the United States, has for years had close relationship with the request of the Orient—that of India and yet no pauper Indian laborers are found in the factories of Great Britain.

The anti-Imperialist propaganda plainly states that it will attempt to catch the labor vote by showing that with the occupation of the Philippines the Chinese Exclusion Act would be evaded and this country could be flooded with cheap labor. We could not say, except admission to people from those islands, and that being the case they would be used as a gateway for the entrance into America of all the Oriental hordes, to exclude which the Chinese Exclusion Law was enacted. There does not seem to be any great similarity in appearance between Filipinos and Chinese, but even granting there is, and that it is impossible to police the islands to keep out those desiring passage to this country, there are various other methods by which undesirable immigrants can be excluded from this country. American statesmen, upon arriving at bridges, have heretofore always devised some manner of crossing them, and when this difficulty arises, if it ever does, will be provided for easily and effectually, unless Democrats should feel in power.

BOLD ROBBERY.

An Aberdeen Man Held Up in Cincinnati Thursday Night.

Samuel Marvin of Aberdeen, an employee on the steamer Gate City, reported a bold robbery to the Cincinnati police Thursday night.
Marvin was on his way up town, the boat having tied up at the landing because of the heavy ice in the river.
As he reached Seymour street three colored men stepped out of a hallway and took hold of him. Marvin drew a pistol and attempted to shoot, but the cartridge failed to explode.
Before he could try again the men overpowered him and took his revolver and \$10. They then knocked him down and ran away.
Marvin had \$25 in an inner pocket which was overlooked by the highwaymen.

THE BUYERS' GUIDE.

ATTENTION, Tobacco Growers!

It is a fact that a Tobacco Transplanter will pay for itself in one year on four and one-quarter acres of tobacco.

Tobacco Growers..... OF THE White Burley District!

Who have experimented with both hand and machine planting are agreed upon this point. REMEMBER that when set by hand the tobacco plant stands still about three days, then it goes backwards about two weeks and then it begins to thrive and grow. The machine planter, however, when set out by a good transplanting machine the tobacco plant thrives and grows from the very moment it is set out, because a large furrow is made into which is dumped a quart of water around the roots of the plant and then dry dirt is gathered up and pressed around the stalk. This prevents ground baking and withering plants. They thrive and grow from the moment they enter the ground—gives you a good stand and an early crop. Prepare ground properly, set your crop with a good transplanting machine and you need fear no frost, for your crop will be earlier than the earliest crops. Tobacco Growers of the White Burley District who have experimented with different kinds of transplanting machines have all agreed that

Nagley is the Best Transplanter Made

I have fifty-seven (57) written signed testimonials from farmers stating that such a machine, I ask you as an especial favor to call at our store and examine this wonderful machine and read these fifty-seven (57) testimonials. Here is one of them from a man that you all know—a big tobacco raiser and one who always gets the top of the market.
"I am to certify that I have seen and worked the Nagley, Tiger and Nagley Transplanters, and can cheerfully say that the Nagley will work better and handle easier in all kinds and conditions of ground than either of the others. The Nagley will turn in use less loss of space than any other machine made. The Nagley on the Nagley is perfect, always works, never gets out of fix. The plants thrive from the moment they are set out the best stand of plants I ever saw. My neighbors are all will over the work of the Nagley. I would not trade my Nagley for a harnard full of Tiger and Henrichs Machines." Signed, T. H. KIRK.
This is only a sample of what all our customers and read the rest of our testimonials. THE PRICE FIGHTER, JOHN I. WINTER, has put them within the reach of even the poorest tenant. He will buy the best Tobacco Seed made if you go to the right place to buy it. Tobacco growers, investigate this matter, visit all dealers in all towns and when you learn that their Trust Combination price is \$5.00 per acre, then you will know the value of the Nagley. John I. Winter, The Price Fighter, of sound mind, do hereby obligate myself to sell you the best Tobacco Transplanter on earth for \$45 each or bankable note.
All I ask is a chance to show you what I have.

THE PRIDE OF THE WORLD IS Tobacco Planter!

The Vulcan Chilled Plow is absolutely the strongest, best-made, easiest-handled and prettiest plowing plow that ever had your hands on. That is a rather strong statement, but I mean just what I say. You stop your wagon in front of my store. I will put a Vulcan plow on it, you put this plow in the furrow, if you agree with me it is your plow; if you don't find it to be the best plow that has ever used, bring it back and I will refund every cent of your money. Is that fair? I think so.

The Black Hawk Corn Planter!

Touched the heart of Mason county farmers last year! They will all want Black Hawk planters, for the reason Black Hawk has no wheels to wear out but has a metal shaft that drops one grain of corn at a time. The Black Hawk is guaranteed to drop accurately 16 of a mixture of fourteen kinds of corn. The size and shape of the grain does not affect the accuracy of the Black Hawk.
Well! Center Cut Hare Row is King of Mason! Call and examine that wonderful Hare Row with 13 discs—seven in one gang and six in the other—that will level the furrow and cut the center in one run. It's wonderful but true. Come in. Take out one of the center first run. It's wonderful but true. Come and see and be convinced.

The Light-Hulling Second-Growth Hickory Florence Farm Wagon is Queen of the pike. We still sell them—hundreds of them. Everyone knows the Florence Farm Wagon and how light it pulls.

Tobacco growers of the White Burley District cover their barns with our 26 gauge Steel Roofing because we sell the best grade and sell it cheaper than other dealers sell cheap stuff. Try me and see how many dollars I will save you.

Call and examine that new Cultivator THE PIVOT AXLE! the only Ruling Plow made that you can do satisfactory plowing and so.

Remember, please, that we sell everything in the way of

MACHINERY, FARM IMPLEMENTS and FURNITURE!

Less than anyone else. The only factor that we ask is that you come and see how many dollars we can save you.

One Price to..... One Price for Cash!

And that the lowest on earth. I mean just exactly what I say. Try me and see how many rods, plump, luscious double ends I can save you.
A Nice Oak Safe for..... \$2.75
A Nice Oak Double Case Seat Chair..... 1.50
A Nice Oak Dresser for..... 5.50
A Nice Oak Bedstead for..... 12.50
A Nice Oak Bedstead for..... 12.50
And everything else made out of wood, iron or steel for less money than anyone else.
In conclusion, I will say that I have been in your midst two years and that I have fulfilled every promise made to you. I promised to save you thousands of dollars by selling you everything at a cut price. Have I not done so? They told you that I would remain only a few months. They told you that no man could stand so low as I did. I told you I could if I could sell all my goods at \$1.00 each. I sold enough of them to exist, and I am still here, having bigger and better bargains for you every day. I will always do my part if you will do yours. Your part is to always call and get my prices before you buy. Do this and I will save you dollars. I am your friend,

CONFLICT IN ARMS

One of the Possibilities of the Situation Now Existing at Frankfort.

BEGINNING OF THE CRISIS IS AT HAND

First Conflict Between the Executive and Judiciary Powers of the State Has Occurred.

Goebel is Better, and His Physicians Now Have Some Hope of His Recovery—The Legislature Holds a Secret Session.

Frankfort, Ky., Feb. 2.—The first clash between the executive and judiciary powers of the state has occurred, and a still greater clash is imminent, and beyond lies a sea with skulls so lowering, and so stormy an aspect that no politician of the fact can predict where it will carry the Kentucky ship of state. There is the chance that things will, as Congressmen June Gayle expresses it, "drift around all right," but there are other chances also, and it is things are to "drift around all right" that will strike a counter current and strike it soon. There can no longer be any concealment of the fact that affairs in this state are bordering upon conflict in arms and the beginning of the crisis is at hand. It may be that political difficulties will be settled by the court of law, but the hearts of men are hot in Kentucky now and legal process may provide a remedy too distasteful to a few of the more impatient and it is in the power of these to create a crisis.

KENTUCKY'S TWO CAPITALS.

Towns of London, a Republican stronghold, selected as meeting place of Legislature by Taylor.

ate a world of woe at almost any time.

The clash came when an officer of the circuit court of Franklin county was arrested by the military while attempting to serve notice of a legal proceeding upon Gov. Taylor. The next clash may come when the officers of that court attempt to enforce the rulings of its presiding judge. Indeed this judge the democrats will have for the first time an active executive head in the person of Acting Gov. Beckham, and from the democratic standpoint regularly appointed adjutant general, whose orders the troops now encountered in the capital building are bound to obey. The new adjutant general, the democrats claim, have the power to organize military forces of his own and proceed against all people who defy the authority of his office and that of the governor of the state, who he represents.

On the other hand, the republicans are fixed in their attitude that there is an insurrection in the state; that Beckham and his actions, his adjutant general and his orders, are those of people acting in opposition to law. They believe that they alone are in the right, and, as there can be but one right and all else wrong, those who show resistance to the proclamations of Gov. Taylor are in rebellion against the commonwealth. They will resist any attempt of any kind to remove them from their position around the capital, meeting place with force, and that means civil war.

The first clash came when Alonzo Walker, a stenographer employed by the democratic attorneys, was taken under arrest in the capital grounds charged with conduct tending to incite mutiny and riot. The conduct consisted in pointing a revolver at the private office of Gov. Taylor a notice that the democratic attorneys would appear before Judge Cullin, the circuit court, and ask for an injunction restraining Gov. Taylor from all interference with the movements of the legislature and from his assuming the right to attempt to remove it to London in this state. Walker was at once taken into custody by orders of Col. Roger Williams, the commanding officer of the force now gathered around the capital.

An injunction will be asked and it is no doubt that it will be granted. Judge Cullin has the reputation of being a man who will attempt to give no one in his power to enforce the law. He will most certainly use all the power in his hands to secure the operation of his injunction. It is equally

certain that the republicans will pay no attention to Judge Cullin or his writ.

The democrats claim the action of the republicans in arresting Walker while he was attempting to carry out orders of the court, has placed them in contempt of court, and they will make all of the point that is possible.

GOEBEL MUCH BETTER.

His Physicians Now Have Some Hope of His Recovery Although His Condition is Critical.

Frankfort, Ky., Feb. 2.—The condition of William Goebel is considered better than at any time since he was shot. The iron will and determination of the wounded man that he will not die by an assassin's bullet is, however, still considered the main factor in sustaining him, but the attending physicians for the first time hold out some hope for his ultimate recovery. Compared with 24 hours ago, his condition shows a decided improvement, his temperature being more nearly normal, though some fever still shows itself. His pulse and respiration are still high, but his kidneys, the condition of which was regarded as the most unfavorable symptom, are performing their functions in a more normal manner, thus obviating to a degree the danger of anemic poisoning.

Gov. Goebel complained somewhat of bed soreness and he was turned partly on his side to relieve the strained muscles. This for a time had an unfavorable effect, but he soon rallied and shortly afterward fell into a slight sleep. His temperature is 100 1/2, his respiration 38 and pulse 120.

Should the wounded man succeed in passing through the next 24 hours well his physicians express the hope that his recovery, though necessarily slow, will be a matter of time.

"At present Gov. Goebel breathes al-

TOWARD TUGELA.

The Boer Forces Are Withdrawing From Ladysmith Going to Meet Buller's Army.

A COLLISION MAY HAVE TAKEN PLACE

It is Supposed That the British Have Made a Fresh Attack Upon the Enemy's Lines.

The British War Office Continues to Reveal Nothing of What Has Happened in Natal—Few Dispatches From the Front.

London, Feb. 3.—Heliograms from Ladysmith three days ago say that the Boer investment lines then were thinning and that the besiegers were moving in force toward the Tugela, indicating that a collision was expected there. This intelligence bears out the signs that Gen. Buller purposes a fresh attack.

The war office continues to reveal nothing of what has happened in Natal. Without exception the military critics regard with dismay the prospect of a renewal of the assaults upon Gen. Buller has been heavily reformed; and there is nothing to indicate that this is the case.

Lord Kitchener has been traveling from army to army in northern Cape Colony, and then, French, by instruction, is now in Cape Town consulting with Lord Roberts. Large engineering constructions are proceeding at Modder river, suggesting that Lord Methuen's camp has been selected as the base from which to invade the Free State. Numerous sidings, platforms and warehouses are being built, and a permanent railway bridge is well advanced.

German strategists assert that the topography of the country would make invasion easier from Kimberley and the district northward than from the more rugged region of Stormberg or Colberg. Therefore they infer that the combined British forces will overwhelm the Boers at Magersfontein and then relieve Kimberley as an incident of the invasion.

"Gen. Buller's retreat," says the Cape Town correspondent of the Standard, "has resulted in a series of despatches of treacherous talk here."

FOUND A FORTRESS.

British Reconnoitering Party Hindered in Instructions and Met a Hidden Boer Main.

Lourenço Marques, Feb. 3.—The following, dated Gaborone, January 29, has been received here:

"A Boer scout was captured yesterday by Col. Munner's outposts and a small party was sent out to reconnoiter the hills. They found the wrong kopje and blundered upon a Boer fortress, armed with a maxim. Fortunately they managed to escape without serious damage."

A later dispatch from Gaborone, dated January 26, says: "Col. Munner used his 12 1/2 pounder on the Boer position for the first time today. The Boers retreated speedily and accurately but did no damage."

DROPPED WHILE SINGING.

Henderson Pierson Is Hanged at Clarksville, Tenn., in Presence of Five Thousand People.

Clarksville, Tenn., Feb. 3.—Henderson Pierson, colored, was hanged in a lot a quarter of a mile from town in the presence of 5,000 people. Pierson expiated a double crime, having been given the death penalty in two cases. He shot to death his wife and her mother because they refused to obey him, and he was hanged for the same crime.

Pierson prayed on the scaffold and made the usual statement of repentance. A song was sung, and the condemned man joined in, and the trap was sprung while he was singing. His neck was broken.

United States Senator Selected.

San Francisco, Cal., Feb. 3.—Thomas R. Bard, of Ventura, was nominated United States senator by a rump caucus composed of 54 republican members of the legislature. The followers of R. M. Burpee, numbering 31, refused to go into caucus, as Bard's selection seemed certain.

Peace Treaty Will Be Ratified.

Washington, Feb. 3.—The senate in executive session took up the Hague peace treaty. There was a brief discussion of it, but no opposition was shown. The treaty now stands ratified, but under the rules it had to lay over 24 hours after being read.

Good Prices for Cotton.

Memphis, Tenn., Feb. 3.—Spot cotton is selling here for eight cents and there is great rejoicing. Farm mortgages of 20 years' standing are being paid off. The price of the staple, however, threatens prosperity. Over-production next year is predicted.

Turner Defends Evans.

Washington, Feb. 3.—The house elections committee No. 2 decided unanimously in favor of Representative Oscar Turner, the sitting member in the contested Louisville (Ky.) election. The seat was contested by Adolph S. Hay Walter Evans.

Adolph S. Hay Walter Evans for Pretoria.

Lourenço Marques, Delagoa Bay, Feb. 3.—Mr. Adolph S. Hay, the new United States consul at Pretoria, left here on his way to his post.

NO FEDERAL INTERFERENCE.

A Kentucky Delegation Called on a President McKinley Friday to Protest Against It.

Washington, Feb. 3.—A Kentucky delegation consisting of Senator-elect Blackburn, Representatives Rhea, Smith, Allen and Gilbert, and ex-representative Thompson, called on President McKinley Friday to protest against any federal interference in that state. Senator Lindsey was also there, but did not come with the other gentlemen.

The Kentuckians said that federal interference in Kentucky would be sure to result in serious trouble, the first movement of troops would cause an uprising that could not be easily quelled. They expressed the

opinion that the difficulties would be adjusted without further violence if the people of Kentucky were allowed to settle the matter themselves.

"The president has decided that no cause has yet arisen to warrant the intervention of the national government in Kentucky, and has so informed the governor."

Some significance may attach to the use of the word "governor" in this statement, inasmuch as the reply was directed to Taylor.

Washington, Feb. 3.—After the New York meeting the following statement was made: "The president has decided that no cause has yet arisen to warrant the intervention of the national government in Kentucky, and has so informed the governor."

Several indications may attach to the use of the word "governor" in this statement, inasmuch as the reply was directed to Taylor.

THERE WILL BE NO STRIKE.

The Miners and Operators at La Grange Upon a Scale of Wages—It Was a Compromise.

Indianapolis, Ind., Feb. 3.—After a joint conference lasting nearly two weeks the delegates from the United Mine Workers of America and the Interstate Operators' association finally adopted a scale which is a compromise between the first demand of the former and the last offer of the latter.

Section 1. That an advance of 14 cents per ton of 2,000 pounds of black mined screen coal shall take effect on Western Pennsylvania. This advance in the Hocking district, the basic coal district of Indiana. That the Hocking district, the basic coal district of Illinois, shall be continued on an absolute run of nine basis and that an advance of nine cents per ton over present prices be paid on the district mined.

That the bituminous coal district of Ohio shall be 10 cents per ton, or all mine run coal loaded and shipped as such. All other coal mined in that district shall be passed over a regulation screen shipped here of 20 cents per ton of 2,000 pounds for screen lump.

Sec. 2. That the screen hereby adopted for the state of Ohio, West Virginia and the bituminous district of Indiana shall be uniform in size, six feet wide by 12 feet long, built of No. 10 wire, and shall be of not less than 5% of an inch surface with 1 1/2 inches between the bars, free from obstructions, and that such screen shall not require a greater number of openings to hold the bar in proper position.

Sec. 3. The block coal district of Indiana may continue upon the demand of the screen, the screen to be 72 feet, of uniform size, 1 1/2 inches between bars, free from obstructions, and such screen shall rest upon a sufficient number of bearings to hold the bars in proper position.

Sec. 4. That the differential between the thick and thin mines of the Pittsburgh district be referred to that district for settlement.

Sec. 5. That the price of machine mining in the bituminous district of Indiana shall be 18 cents per ton less than the pick mining rate for screen lump coal when punching machines are used, and 12 1/2 cents per ton less than pick mining rate when chain machines are used. When coal is paid for on run-of-mine basis, the price shall be 10 cents per ton less than the pick mining rate when chain machines are used, and 12 1/2 cents per ton less than the pick mining rate when punching machines are used.

Sec. 6. That the differential between the thick and thin mines of the Pittsburgh district be referred to that district for settlement.

Sec. 7. That the mining rates be referred to that district for adjustment.

Sec. 8. That the advance on the present Hocking valley scale, with the exception of trappers, whose compensation shall be \$1 per day.

Sec. 9. That all narrow, dry work and room-turned shall be paid a proportionate advance with the mining rate.

Sec. 10. That internal differences in any of the states or districts, both as to price and as to conditions, be referred to the states or districts affected for adjustment.

Sec. 11. The above scale is based upon an eight-hour work day.

THE COMMONWEALTH.

GOEBEL'S ASSAILANT.

A Man Arrested Who May Know Something About the Attempted Assassination.

Frankfort, Ky., Feb. 3.—It looks as if it is but a matter of time until the whole country is to assassinate Gov. Goebel will be brought out and every person implicated in the cowardly deed will be known.

Some of the most prominent detectives in the country have been here since Wednesday working on the case, and every effort has not been in vain. A supposed agent of one of the conspirators approached a detective and made overtures to him providing that in case a man turned state's evidence he would be protected. The detective promised that no harm would befall any one who would turn state's evidence and every one assisting in bringing the culprits to justice would be rewarded.

The would-be agent asked so many strange questions that after the interview came to a close he was shadowed several hours, and was placed under arrest by the detectives and put in the "saw" house. He has told some astounding tales about the attempted assassination, and implicates several persons in connection with the crime.

The offer of a fortune as a reward has brought many more detectives to the city. All who have talked to the prisoners seem to be of the opinion that he knows a great deal more about the crime, as he has given them several clues, in which detectives were set to work immediately.

Several of the detectives are said to have come in with the soldiers Tuesday night and Wednesday morning, and are perating in the garb of a soldier. They are members of the state guard to all appearances, and stand their work under the influence of the soldiers, but they manage to keep their colleagues on the outside posted as to what is going on in the inside.

One of the leading detectives said that everything was working splendidly, and that they expected within the next ten days or two weeks to have all the particulars of the conspiracy before the public, and all the participants behind the bars.

CITIZENS OF LONDON

They Do Not Want the Kentucky Legislature to Meet in Their Town—Franklin Feared.

London, Ky., Feb. 3.—Republican leaders here, who are the positive antagonists of Taylor that the meeting of the legislature adjourned to this place (at least the republican side of it) will be held February 10, are preparing for the coming of the same. By Taylor's orders the Paris building, a three-story brick structure at the corner of Main and Manchester streets, is being fitted up as a place of meeting.

The hotel accommodations are very poor. There is room for only about 100 persons in the three small structures, the Catchings house, Riley house and Everale house. Probably 150 more would be accommodated in private dwellings.

Defiant citizens do not want a meeting here. They fear the consequences of lawless demonstrations that would be attracted, with the probable renewal of feuds which have been suppressed for time through the failure of the sections to meet.

FOUND HIS LOST CHILD.

Meeting of a Mother and Her Twelve-Year-Old Daughter After Twenty Years of Separation.

London Depot, Ky., Feb. 3.—Mrs. May Harris arrived here from Birmingham, Ala., on a train when she was met by her daughter, a 12-year-old girl, who says her name is Stella Green, who was kidnapped eight years ago at her Alabama home. The meeting between them was attended with tears of joy.

Mrs. Harris was the divorced wife of a man named Harris, from whom she separated her daughter. She subsequently married Harris. The court had allowed her the custody of the daughter, which she was being kidnapped. It is alleged was abandoned in the mountain state of Kentucky. She was in the child's resemblance to the kidnapped infant.

Kentucky Assassinated.

Middlesboro, Ky., Feb. 3.—A speech from Hagan, near here, states that Hon. William S. Wright, a prominent democrat, was assassinated and a member of the Kentucky legislature in 1870, was assassinated on Boone's fork of the Kentucky river. Five shots were fired from a distance of about 100 yards, and it is alleged was abandoned in the mountain state of Kentucky. She was in the child's resemblance to the kidnapped infant.

Legislature Very Ill.

Richmond, Ky., Feb. 3.—The condition of W. H. Harris, the republican member of the legislature from this county, who returned from Frankfort Wednesday night in a confused condition, is regarded as serious by his friends, who fear that he will not live through the session. Mr. Harris is the oldest member of the lower house.

Kentucky Democrats Endorsed.

Jackson, Miss., Feb. 3.—At the session of the lower house a resolution was unanimously adopted endorsing the course pursued by the democratic element of the Kentucky legislature. The resolution deplored the attempts of the administration of Gov. Goebel to tender sympathy to his relatives and supporters.

Shooter Acquitted.

Louisville, Ky., Feb. 3.—Craig Ireland, a colored man of Williams, colored, was acquitted by the grand jury Tuesday, at his examining trial before County Judge Moore was acquitted.
